Explanatory Statement pursuant to section 173(2) of the Companies Act, 1956

Agenda No. 7

Mrs Sushma Taishete, Director, Ministry of Petroleum and Natural Gas, was nominated by MoP&NG vide letter no. L-12018/6/2010-GP-II dated 15th November, 2012 as Director on the Board of Directors of the company in place of Dr. Neeraj Mittal. She was inducted as an Additional Director w.e.f. 20th December, 2012 till the conclusion of this Annual General Meeting. The Board recommends her appointment as Director liable to retire by rotation.

The Company has received a Notice from a member under section 257 of the Companies Act, 1956, proposing the candidature of Mrs Sushma Taishete as a Director of the Company. A brief profile of Mrs Sushma Taishete is provided in the Corporate Governance Report.

Your Directors recommend the resolution for approval of the shareholders. None of the Directors except Mrs Sushma Taishete is interested in this resolution.

Agenda No. 8

The Authorised Share Capital of the Company has been increased from ` 12,00,00,00,000 (Rupees Twelve Hundred crore only) divided into 1,20,00,00,000 (One hundred and Twenty crore) Equity Shares of ` 10/- (Ten) each to ` 20,00,00,00,000 (Rupees Two Thousand crore

only) divided into 200,00,00,000 (Two hundred crore) Equity Shares of ` 10/- (Ten) each.

The present issued and paid up share capital of the Company is ` 11,32,87,15,600 (Rupees One thousand one hundred thirty two crore, eighty seven lakh, fifteen thousand six hundred only).

During incorporation of the Company, equity shares amounting to ` 700 was also issued to the individual subscribers to the Memorandum of Association in addition to the promoters. Thereafter equity was raised on the basis of project cost. As per revised project cost approved by the Cabinet Committee on Economic Affairs on 16.11.2011, the equity component has been increased from ` 10,40,00,00,000 (Rupees One thousand forty crore only) to ` 12,69,00,00,000 (Rupees One thousand two hundred sixty nine crore only). On taking into account the equity allotted to the individual subscribers to the Memorandum, the present equity component would be ` 12,69,00,00,700 (Rupees One thousand two hundred sixty nine crore seven hundred only).

As per the JV Agreement, subscribed capital of the Company is required to be allotted at any point of time in the following proportion and calls are being made to the promoters as per the envisaged

ratio of contribution and in line with approved business plan:

GAIL	70%
OIL	10%
NRL	10%
GoA	10%

In terms of the JV Agreement, the promoters intend to subscribe to the offer of shares as may be made by the Company from time to time in accordance with the agreed equity sharing ratio for the project.

Section 81 of the Companies Act, 1956 provides, *inter-alia*, that whenever at any time after the expiry of two years from the formation of a company or at any time after the expiry of one year from allotment of shares in that company made for the first time after its formation, whichever is earlier, it is proposed to increase the subscribed capital of company by

further issue/ offer and allotment of shares, such shares shall be offered to the existing shareholders of the company in the manner laid down in the said Section, unless the shareholders decide otherwise by a special resolution.

The shareholders in the annual general meeting held on 27.08.2012 had authorized the Board to issue, offer, and allot shares from time to time, up to an aggregate amount of ₹ 12,6900,00,000.

Consent of the shareholders is being sought pursuant to the provisions of Section 81 and all other applicable provisions of the Companies Act, 1956, authorizing the Board of Directors to issue shares as stated in the Resolution.

Your Directors recommend the resolution for approval of shareholders.

None of the Directors of the Company is concerned /interested in the proposed resolution except to the extent of them being Nominee Directors.

Message from the Chairman

Dear Member,

I have the pleasure of sharing with you the 6th Annual Report of your company, and take this opportunity to communicate regarding the progress of the Assam Gas Cracker project.

The overall physical performance by the end of the last fiscal year 2012-13 was 91% of which 23.4% was achieved during the year. With the committed efforts of the BCPL workforce I am sure that the project commissioning shall soon be a reality and BCPL project shall be poised to revive and spur large scale industrial growth in the North-Eastern region to usher socio-economic dividends for Assam in particular.

Growth in the Indian polymer segment is over two times that of the nation's GDP. As per the benchmark, operating rates for ethylene have been about 86% globally and the same for India has been over 95% signifying demand improvement on the global and domestic fronts. It is expected that the operating rates shall increase during the next couple of years especially on the back of improved demand and the demand-supply balance is expected to tilt in favour of the ethylene producers in the Asian region during the next two-three years. This bodes well for establishing a market for your company's products in the near future.

Looking ahead, the initiative of the State Government to establish a plastic park at Tinsukia dovetailing with the commissioning of the cracker shall not only be a major step in accelerating local consumption of the polymers but shall also pave the way for generating avenues of employment in the polymer downstream processing and manufacturing in the region. Notwithstanding employment creation opportunity, the plastic processing park can be a major catalyst in the growth of the per capita consumption of plastics in the north-east region as a whole. GAIL (India) Limited as the sole marketer

of the BCPL products is also working up arrangements of product evacuation and sales to various locations in India as well as to the nearby countries. As we near countdown to commissioning of the project we seek continued support of the Government of India and the promoters namely, GAIL (India) Ltd., the Government of Assam, Numaligarh Refinery Ltd. and Oil India Ltd in the successful culmination of the project very soon.

During the year a slew of measures were initiated to draw talent for expanding workforce, plan systems and processes in an endeavor to stream-line operations and promote work ethos at your company.

I am proud to share that your Company has taken commendable interest in discharging its responsibilities towards the society and has been working on identified thrust areas for social impact, such as, road laying for improved connectivity, construction of rooms in dispensary, renovation of historical graveyard etc. Your Company has also initiated steps for ensuring sustainable development and working towards a comprehensive policy on the same.

I would like to reiterate the commitment and resolve of the Board towards managing your Company in a transparent manner for maximizing long-term value for the stakeholders. A report on Corporate Governance forms a part of this Annual Report.

The Assam Gas Cracker project has been a challenging journey. The project is at a crucial phase of construction and is now closer to commissioning. I assure you that our efforts in completing this project are steadfast and I solicit your continued support in working towards a mutually rewarding future.

Till the end of the year a total amount of ₹ 3713.70 crore has been received as Capital Subsidy from the Government of India. Out of this, the unutilized Capital Subsidy is ₹ 59 crore. Secured loans of ₹ 500 crore were also drawn during the year from OIDB and OIL and the total secured loans as on 31.03.2013 was ₹ 1477 crore.

Business Plan 2012-13

The Business Plan for the year was ₹ 2414.94 crore, against which the actual expenditure was ₹ 1980.30 crore. The major expenditure heads of the capex include Plant & Machinery (₹ 1454.89 crore), Engineering Cost (₹ 67.11 crore), site related facilities (₹ 212.24 crore), financing charges (₹ 108.55 crore) infrastructure cost to OIL & ONGC (₹ 71.96 crore).

Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and Outgo.

As your Company is still in the project execution stage, there are as yet no cases for disclosure with regard to conservation of energy and technology absorption and foreign exchange earnings as per Section 217(1)(e) of the Companies Act, 1956 read with the Companies (Disclosure of Particulars in the Report of Board of Directors) Rules, 1988.

However, the total foreign exchange expenditure on account of import of technical knowhow, indigenous contracts and supplies to the tune of ₹ 481.30 crores has been incurred during the year under review.

Particulars of Employees

None of the employees are drawing the remuneration specified under Section 217(2A) of the Companies Act, 1956 read with the Companies (Particulars of Employees) Rules, 1975 for the year ended 31st March, 2013.

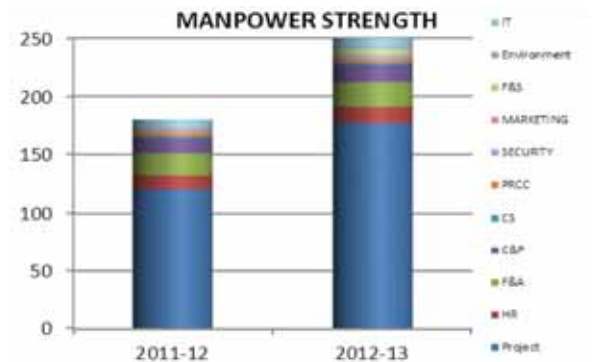

Shri B C Tripathi, Chairman with Shri S I Hussain, Commissioner, Upper Assam, Shri P N Prasad, Managing Director, Shri S Venkatraman, Director and others at the 6th BCPL Day celebrations.

Human Resource

Your company recognizes the importance of its human capital as the most competitive resource available to the organization today particularly in the face of shifting workforce demographics and rapid changes in technology. To attract, retain and develop employees from diverse backgrounds having varied capabilities and to inculcate in them a sense of responsibility and urgency to achieve the set goals which are in line with the organization's objectives, remains the key focus of the HR Department. In the present knowledge era which is synonymous with change and unpredictability, it is the constant endeavour of your company to keep the employees motivated and build a feeling of employee ownership towards the organization. The reward for these efforts has been the admirable spirit exhibited by the

employees towards achieving speedy execution of the project.

The manpower strength of company as on 31st

March, 2013 was 205 out of which 65% are from the North East Region. In addition 45 executives are on secondment/deputation from the promoter companies. The total work force in your company will be 620 (426 executives + 194 non-executives) considering the commissioning and subsequent operation & maintenance of the plant. Press advertisements for recruitment of 130 executives and 93 non- executives have already been issued and applications received are under scrutiny and short listing stage.

Simultaneously, recruitment is also going on very fast. Adequate representation is being given to female employees and minorities who account for more than 17 % and 6% respectively of the total employee strength. Priority is also being given to engage local labour for skilled/semi-skilled/unskilled works through contractors working at site.

Industrial Relations

At present around 6000 contract labourers are engaged at the project site at Lepetkata. Though there were some labour issues in the recent past, with quick intervention of the management these were resolved promptly in close coordination with the officials of labour authorities. A Memorandum

Republic Day Celebrations, 2013

Ladies participating in a race

Friendly match between BCPL and CISF

of Settlement has also been signed between all major contractors and representatives of labourers in the presence of a Conciliation Officer to remove all the anomalies with respect to various benefits of contract labourers engaged at work site.

Your Company has also constituted a Public Grievance Redressal Cell (PGRC) for redressing the grievances of contract labourers working at the project site. So far PGRC has received over 100 complaints and resolved all of them amicably.

Changes in the Board of Directors

During the year under review, the following changes occurred in the Board of Directors:

(i) Shri R T Jindal, Principal Secretary to the Government of Assam, Industries & Commerce Department, nominated by GoA as a Director of the company was appointed w.e.f. 22.05.2012 in place of Shri Jatinderbir Singh.

(ii) Shri Rakesh Kumar resigned from the position of Director (Finance) and ceased to be a Director w.e.f. 22.05.2012.

by MoP&NG was appointed as a Director of the company w.e.f. 20.12.2012 in place of Dr Neeraj Mittal.

Corporate Social Responsibility

As an offspring of the historical Assam Accord signed in 1985 with the objective of overall socio-economic development of the region, your Company has been aware of its social obligations since inception. A conscious decision was hence taken to initiate CSR activities right from the project implementation stage, with the idea of developing the surrounding areas and to create awareness about the objective of setting up the Assam Gas Cracker Project.

The CSR initiatives for 2012-13 have been identified and taken up in consultation with local District Authorities. An internal committee reviews and recommends the proposals for implementation.

The following CSR initiatives have been undertaken for 2012-13 :

1. Construction of Part II of 2.30 km road for Kakoti Gaon, Dibrugarh. Part I of the road was constructed under CSR 2011-12.
2. Construction of two rooms at the Urban Dispensary, Dibrugarh.

Graveyard, Dibrugarh renovated as part of CSR

3. Renovation of the historical graveyard, Dibrugarh.
4. Construction of two additional classrooms for Weaving Centre and earth filling at Moran Blind School, Dibrugarh.
5. Augmentation of existing 11/0.43KV/100KVA Sub- Station to 250 KVA at Lepetkata Bongali Gaon, Dibrugarh.
6. Providing three computers and other

infrastructural development at Doomurdolong Tea Estate, Sivasagar.

Sustainable Development

As per the Memorandum of Understanding signed with the Ministry of Chemicals and Fertilizers (MoC&F) for the year 2012-13, your Company has undertaken and completed development of a Green Belt by planting 1000 trees around the plant with a total expenditure of ₹ 2,21,596. Your Company is committed to proper disposal of construction and other wastes in line with various statutory requirements, in an environment friendly manner.

Right to Information Act, 2005

The Company adheres to Government instructions issued in pursuance of the Right to Information Act, 2005, and has designated a Central Public Information Officer and First Appellate Authority under the Act. During the year, 22 queries were received and replies were given within the stipulated time.

The comments of the C&AG on the Annual Accounts of the Company for the year under review are also annexed hereto.

Management Discussion & Analysis

A Management Discussion Analysis Report as stipulated in the DPE Guidelines on Corporate Governance for CPSEs forms part of the Annual Report.

Corporate Governance

A separate section on Corporate Governance forming part of the Directors' Report and a certificate from a Practicing Company Secretary confirming compliance of Corporate Governance norms as stipulated in the DPE Guidelines on Corporate Governance for CPSEs is included in the Annual Report.

Responsibility Statement of the Board of Directors

As required by Section 217(2AA) of the Companies Act, 1956 your Directors affirm that to the best of their knowledge and explanation:

(i) In preparing the annual accounts, the applicable accounting standards have been followed and there is no material departure from the Accounting Standards.

(ii) The Accounting Policies adopted have been consistently applied and, wherever necessary, made judgments and estimates, that are reasonable and prudent, so as to give a true and fair view of the state of affairs of the Company at the end of the financial year.

(iii) Proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 1956 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities; and

(iv) The annual accounts have been prepared on a 'going concern' basis.

Acknowledgement

Your Directors remain grateful to the Ministry of Chemicals and Fertilizers, the Ministry of Petroleum and Natural Gas and the Ministry of Environment and Forests for their guidance and support. Your Directors also express gratitude for the continued patronage from the promoters, GAIL, OIL, NRL and Government of Assam and likewise from the lenders, Oil Industry Development Board, Punjab National Bank, Allahabad Bank, Andhra Bank, Bank of Baroda, Bank of India, Corporation Bank, State Bank of Travancore and Jammu & Kashmir Bank. Your Directors are thankful to the entire team of EIL, the bankers, consultants, suppliers and the various intermediaries for their continued cooperation in expediting the project development process. Your Directors express appreciation of the advice and co-operation extended by the Internal Auditors, the Statutory Auditors and the officials of the Comptroller & Auditor General of India. Your Directors also acknowledge the dedicated efforts of the employees towards speedy execution of the project and building a fully functional organization, despite the difficulties associated with a greenfield project.

Management Discussion and Analysis Report

Industry Structure and Developments

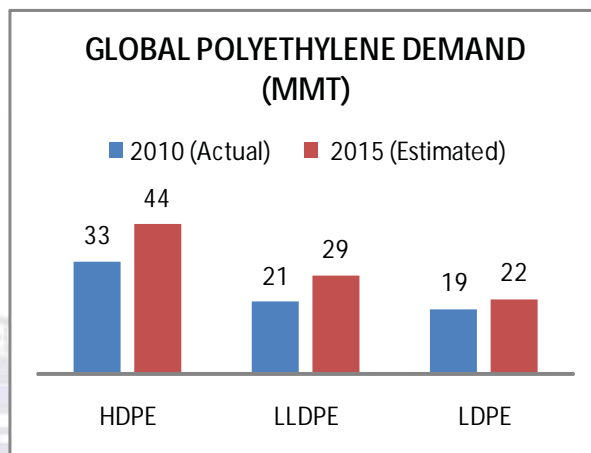

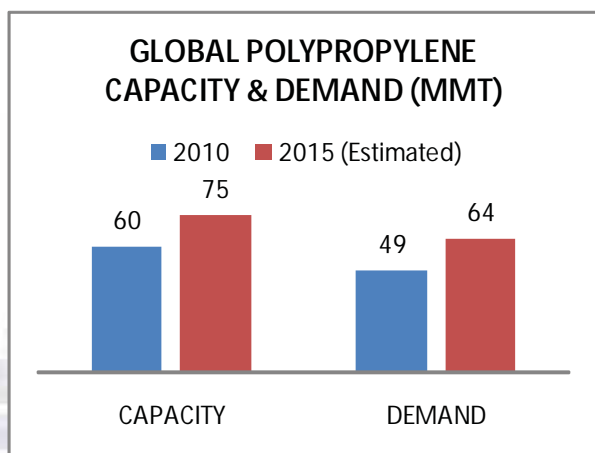

Comprising mainly of synthetic fibres, polymers, synthetic detergent intermediaries, elastomers and performance plastics, the petrochemical industry yields products which pervade the entire range of items of daily use, be it packaging, apparel, housing, construction, automobiles, electronic goods, toys, household items, furniture, horticulture or medical appliances, to name a few. The petrochemical industry has been one of the fastest growing industries in the country. However, its largest contribution would be in agriculture and food industry during production, handling and in distribution. Amongst the major petrochemicals, performance plastics and polymers have witnessed the highest growth and the production of polymers account for more than 60% of the total production of major petrochemicals.

Though the Indian petrochemical industry could not escape the ravages of the global meltdown in the recent past, trends in production of petrochemicals

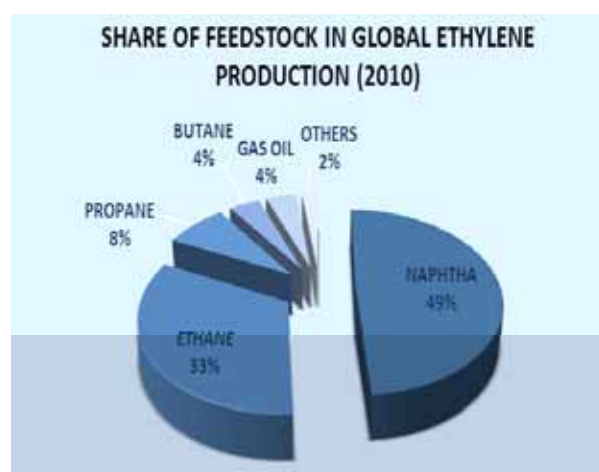

are expected to improve. The major plastic materials like PE and PP are derived from the olefins, Ethylene and Propylene, which constitute the two major building blocks or monomers with almost 70% share in the global basic petrochemicals market.

The polymers Polypropylene (PP), Linear Low Density Polyethylene (LLDPE) and High Density Polyethylene (HDPE), the primary products of the company are essentially used in the manufacture of plastic products. Global demand of plastics has

risen to nearly 199 million tonnes with commodity plastics like Polyethylene (PE), Polypropylene (PP), Polyvinyl Chloride (PVC) and Styrenics being the major contributors. Polyethylene is the largest volume polymer used by the industry while Polypropylene today is the second largest and fastest growing plastic. Technology innovations and the availability of lower cost raw material have played a part in shaping the industry. Natural gas and naphtha are the main sources of feedstock for this industry.

In the global scenario, Ethane, LPG and methanol-to-olefins are fast emerging as alternative feedstock in the production of Ethylene, particularly in the Middle East and North America due to their availability at cost effective prices. India has three naphtha-based and three gas-based cracker units with a combined capacity of 2.9 million MT per

annum. Four new cracker units including the company's own are expected to start up by 2015.

Petrochemicals offer one of the highest value additions in the manufacturing sector, playing an important role in the economic growth. As an “enabler” industry, it provides critical inputs which enable other sectors to grow. It also provides a vital link between natural resources and value-added products. Increased consumption of petrochemicals is a strong indication of economic growth as demand in petrochemicals is in essence, a derived demand dependent on the overall growth of the economy and its constituent sectors.

The Indian market in petrochemicals is driven by the international demand-supply forces and the country ranks fifth in the world as a consumer of polymers after China, USA, Japan and Germany. However, with an estimated per capita consumption of 7 kg as opposed to the global average of 25 kg, the country's contribution is not very large by global standards

Despite being capital and technology intensive, the downstream sector in this industry provides huge opportunities for large scale employment. The downstream plastic processing is the largest employer with over 3.53 million people deriving their livelihood from this sector.

Polymers Demand Supply Gap In India (Kta)

Products	Demand		Capacity		Gap	
	2011-12	2016-17	2011-12	2016-17	2011-12	2016-17
LDPE	405	597	205	605	- 200	8
LLDPE	1198	2076	835	1960	-363	-116
HDPE	1657	2573	1825	3090	168	517
PP	2993	5015	4140	4715	1147	-300
PVC	2087	3102	1330	1635	-757	-1467
PS + EPS	340	638	640	666	300	28

Recovering gradually from the effects of the economic slowdown, sporadic new investments in different petrochemical segments in India have begun and market sentiments have improved over the recent past. Some of the planned projects including the IOCL petrochemicals complex and expansion projects by GAIL and HPL have materialized, while other greenfield projects are being pursued. Adequate government support would however be required to tap the actual potential in the domestic petrochemicals sectors.

Strengths and Weaknesses

Emergence of new technologies and alternative raw materials in the production of basic petrochemicals present opportunities for some and a threat for others. Adoption of state of the art dual feed technology is a major plus in the project considering that Natural Gas fractions C2/C3 are not freely tradable. This technology provides an option for replacing Naphtha with Natural Gas as feedstock without resorting to changes, thereby reducing dependence on a single feedstock. Feedstock will not be a constraint and there is sufficient domestic demand.

Having been conceived as part of the Assam Accord, this prestigious project enjoys strong support both from Government of India as well as Government of Assam, which has been instrumental in driving it forward to its present stage.

A strong plus for this project is the unstinted support from its promoters who have wide experience and expertise in the hydrocarbon sector. At every stage since its inception, the promoters have been supplementing the manpower requirement by providing personnel having requisite expertise in construction, commissioning, operation and maintenance of petrochemical and gas processing units, on secondment/deputation basis. The

wide and varied experience of EIL, the Project Management Consultants has also been a major support in the erection and construction activities.

Considering the vital role played by Marketing in the success of any industry, your company is fortunate to have a marketing tie-up with GAIL, its holding company which has been in the field of petrochemicals for more than a decade. Feedstock tie-ups with OIL, NRL as well as ONGC mitigate worries concerning adequate availability. Further, there is ample potential for development of downstream projects in the entire northeastern region including the state of Assam and Government of Assam is extending full support in this respect. A Plastic Park is being set up in Tinsukia by the Government of Assam towards this end. Market prospects in neighbouring countries including Myanmar and Bangladesh are also considered to be bright.

Once the project is commissioned and downstream plastic industries emerge, use of wood in the region is expected to be replaced by plastics in the furniture and construction sectors. This would have far reaching consequences in arresting the rapid depletion of forests in the northeastern region, one of the toughest challenges. Benefits would accrue both to the national economy as well as the consumers.

Being highly capital intensive, one of the inherent weaknesses of the project is its high capital cost and reliance on capital and feedstock subsidies. The possibility of withdrawal of government support in these matters in the future could be a cause for concern.

A fundamental constituent of the supportive framework required for enabling rapid growth and expansion to cater to both domestic and overseas demand is the rolling out of adequate physical

infrastructure. The twin factors of location and inadequate infrastructure in the region pose a logistical drawback both in terms of transporting equipment to the project site and in future, the despatch of material from the plant. Its location has also been a deterrent in attracting and retaining experienced manpower. However, with the introduction of better facilities and benefits, the prospects are now looking up. Non-availability of quality power and high cost of energy also remain areas of concern.

Opportunities and Threats

Demand for Plastics, which find use in all the major sectors, is perceived as an indicator of industrial growth. With the per capita plastic consumption in India still remaining at an estimated 7.0 Kg as compared to 109 Kg in US, 32 Kg in Brazil and 29 Kg in China, there is huge potential for future growth. The domestic market for end products is also growing rapidly. Varied factors including favourable demographics, rising disposable income, development of rural marketing, growth of organized retailing, development in agriculture, automobile, telecommunication and health care herald immense promise for future growth in the sector. With one of the lowest per capita consumption of polymers and plastics in India, the northeastern region offers a huge advantage to your company in the absence of any major competitor in the region. Downstream industries are expected to emerge. There is an ever growing demand for polymer products especially Polypropylene in this region.

The northeastern region also provides an opportunity in the form of large availability of relatively cheap labour as compared to other developed economies of the world, which in turn improves the prospects for expanding capacities.

Increased economic activity reflected by a burgeoning GDP augurs well for the petrochemicals

industry as demand in the sector bears a direct relation with economic growth in other sectors.

The biggest component of cost of production is that of feedstock. High feedstock cost in India as compared to the middle-east where the cost is only a fraction of that in India, places our producers at a competitive disadvantage. Cost competitiveness is imperative for survival against cheaper imports under the open market regime as dumping of cheaper products by low cost producers is a cause for concern in this sector.

The availability of technically skilled and experienced manpower particularly in the region is limited. However, in this respect your company is fortunate to have the continued support of its promoters.

Conservation of environment is today a matter gaining widespread attention. Plastics, its use and disposal, are perceived as threats to the environment and this negative perception comprises a threat to the industry. However, developments in the field of biodegradable and photodegradable plastic, improvement in quality of products with reduced negative impact on environment negate this threat perception to a great extent. Replacement of wood used in furniture and construction, with plastic materials is in fact a bonus for the environment in terms of conservation of the fast depleting forest resources, a major challenge in the country.

Despite growing demand, the effects of high inflationary pressures on the rate of growth in domestic demand cannot be ignored. Volatility in prices is a norm in the petrochemical industry which passes through 6 to 8 year cycles of peaks and lows. Possible tariff concessions on polymers to Gulf Cooperation Council (GCC) countries under a free trade agreement with India for boosting trade may distort the tariff structure and result in duty

inversions with the effective duty on end products becoming lower than that on feedstock Naptha.

Segment wise or Product wise Performance

The company is still in the project execution stage.

Outlook

The demand for building blocks is based on projected downstream capacities for polymers, synthetic rubber etc. New capacities are being planned and requirement of building blocks are expected to grow from 6.4 MMT to 13.5 MMT over the next five years. During the 11th plan period, commodity polymers grew at 11.9% (CAGR) while capacity creation grew by 10.8%. India was fortunate enough to recover quickly from the impact of global recession as the industry was dependent on domestic consumption with a good demand. This demand is expected to remain robust in the coming years. Commodity plastics are enjoying a rate of growth above GDP and this is expected to continue in the 12th plan period with all polymers expected to grow at approximately 10% CAGR. Substantial increase in capacities of LDPE, LLDPE, HDPE are expected along with small increase in capacities of PP and PVC.

However, today India is to a great extent self-sufficient in petrochemicals. The impetus needs to shift towards export oriented petrochemical capacities. Despite being one of the fastest growing industries in the country, an adverse investment climate including low import duties on petrochemical products, infrastructure bottlenecks, high energy cost coupled with high internal transaction costs, and the establishment of more economic capacities in the Middle East backed by easy availability of subsidized feedstock, is resulting in waning of interest in this sector.

Though the government has identified the petrochemical industry as one of the key drivers to GDP growth, realization of the growth potential is possible only with a supportive policy regime and a facilitative business environment.

Despite being adversely affected by the aggressive reduction in import tariff post liberalization, the polymer producers in India have now adjusted to the low tariff regime and become globally competitive. The domestic consumption in India has also witnessed a healthy growth due to the lower prices.

As far as your Company is concerned, all efforts are being made to achieve mechanical completion by July, 2013 and commissioning by December, 2013.

Risks and Concerns

A major concern for all the stakeholders has been delayed in scheduled project implementation and resultant cost escalation. Earnest and unrelenting efforts are however being directed towards completion of the project as per revised schedule. Project progress has improved in the recent past and the overall physical progress was 91% as on 31st March, 2013.

Despite firm arrangements having been ensured by the Government of India for feedstock availability for 15 years of plant operation, the long term availability, particularly of Natural Gas remains a concern. Future feedstock pricing is another uncertain area as prices would be reviewed every five years from the date of production. There has already been a substantial increase in prices of feedstock since the time of approval of the project. High crude oil prices may be disadvantageous to Naptha as a feedstock. Further, the odds of cessation of government support in the form of subsidies in the future are high.

Low levels of private investments in the northeastern region which has special challenges due to the perception of limited opportunity and difficult logistics and access could be an area for concern so far as emergence of downstream industries is concerned. The State Government's efforts in setting up a Plastic Park at Tinsukia are however expected to provide an incentive for entrepreneurs in this regard. The need of the hour is to develop policies which would strengthen mutual dependence with the neighbouring economies, particularly Bangladesh and Myanmar, in order to boost enterprise in the region.

Being in the construction phase the company is not yet exposed to operational risks. However, efforts have already been initiated for risk management with a policy towards that end already in place to identify and mitigate construction phase, financial, operational and other risks. The Company's legal compliances are reviewed by the Board of Directors periodically.

Internal Control Systems and their adequacy

Your Company exercises due care to ensure that there are sufficient internal controls for safeguarding its assets and protecting them against loss from unauthorized use or disposition. Care is also taken to ensure reliable financial reporting and compliance with applicable laws and regulations. Being in its nascent stage, the company is gradually introducing its own systems and policies and in areas where its own policies are not yet defined, those of its holding company are being followed. A risk management policy is already in place. Quarterly internal audit is being conducted by the Internal Auditors, M/s Deloitte Haskins & Sells.

There is continuous monitoring and review of the Company's progress and activities by the holding company, GAIL and also by the State and Central Government authorities at the highest level.

Financial Performance with respect to Operational Performance

The Company is yet to begin commercial operations.

Material Developments in Human Resources, Industrial Relations Front including number of people employed

Your Company is committed to recruit quality personnel and driving employee performance, accomplishment and continuous improvement by adhering to an effective recruitment policy and training programmes aimed at developing core competencies, all the time maintaining a balance between strategic goals of the individual and the organization. Recognizing the critical importance of its human resources to the organization's success, due care is taken to keep them motivated to contribute their fullest for the development of the Company which is still in its nascent stage.

During the year under review, there have been some commendable developments on the HR front including constitution of the company's own Provident Fund Trust & a Staff Welfare Committee, finalization of posts and pay scales of non-executives. The Career Advancement (Promotion) Scheme, the Performance Management System and

Fire drill during observance of National Fire Safety Week.

a mechanism for redressal of complaints regarding sexual harassment of women employees, have also been introduced.

While steadily increasing its own human capital base adequate care has been taken to ensure major representation of the locals. Most of the skilled / semi-skilled / unskilled workers engaged in the construction work are from the northeast. The human strength of the company as on 31st March, 2013 was 250, out of which 45 are on secondment from GAIL and 205 are the company's regular employees.

Environmental Protection and Conservation, Technological Conservation, Renewable Energy Developments, Foreign Exchange Conservation

Your Company is keenly aware of its responsibilities towards the environment. Pollution control and other environment protection norms are being complied with. The project includes an effluent treatment plant for proper effluent discharge within the limit prescribed by the authorities. Obtaining clearance from the Pollution Control Board, Assam for setting up a railway siding facility

for transportation of Naphtha to the project site has been a major achievement during the year. Once the project begins operations, the aspects of conservation of technology and foreign exchange and the development of renewable energy will gain significance.

Corporate Social Responsibility

CSR initiatives have been undertaken to contribute to the society in the areas of health care, hygiene, education, infrastructure development & environment, to the extent possible in the project implementation phase.

The Board of Directors

Brahmaputra Cracker and Polymer Ltd.

Hotel Brahma Putra Ashok

M.G. Road, Guwahati – 781001

We have examined the compliance of conditions of Corporate Governance by Brahma Putra Cracker and Polymer Limited (herein referred as "the Company") for the year ended 31st March, 2013, as stipulated in the DPE Guidelines on Corporate Governance. The Company being not a listed Company, the conditions of Corporate Governance as mentioned in clause 49 of the listing agreement are not applicable to it.

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company, except for the constitution of the Board with required number of Independent Directors and the maximum number of Nominee Directors to be appointed by Government/other CPSEs, has complied with the conditions of Corporate Governance as stipulated in DPE Guidelines on Corporate Governance.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

Report on the Financial Statements

We have audited the accompanying financial statements of Brahma Putra Cracker and Polymer Limited, which comprise the Balance Sheet as at March 31, 2013, and the Statement of Profit and Loss and Cash Flow Statement for the year ended on that date, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section 3(C) of section 211 of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of

accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) In the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2013.
- (b) In the case of the Statement of Profit and Loss, of the lack of transactions revenue in nature, given the operational status of the project, and
- (c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Emphasis of Matter:

1. We draw attention to Para 3(i) of Note 18 to the financial statements regarding the change in the method of depreciation. We have been informed that this change was warranted as it was desirable that the same method as was being followed by the Holding Company (GAIL) be followed by the Company. Our opinion is not qualified in respect of this matter.
2. We draw attention to Para 19 of Note 18 to the financial statements regarding

the status of claims made against the Company, and that no claim has been acknowledged there against. Our opinion is not qualified in respect of this matter.

3. We draw attention to Para 21 of Note 18 to the financial statements relating to balances of debtors and creditors being subject to confirmation. Only five confirmations out of fifty requested by the management have been received by us. Our opinion is not qualified in respect of this matter.
4. We draw attention to Para 3(ii) of Note 18 to the financial statements regarding change in the method for recognition of losses in Foreign Exchange fluctuation, and the resultant drawing up of a Profit & Loss Account where such losses have been booked. Our opinion is not qualified in respect of this matter.
5. We draw attention to Note 1(b)(iii) to the financial statements indicating the amount of unpaid calls. The amounts unpaid are not in respect of shares allotted but are amounts unpaid in respect of a Joint Venture agreement among the promoters i.e. GAIL, OIL, NRL & GoA. Our opinion is not qualified in respect of this matter

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2003 ("the Order,") issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.

2. As required by section 227(3) of the Act, we report that:
 - a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) in our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
 - c) the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) in our opinion, the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement comply with the Accounting Standards referred to in subsection (3C) of section 211 of the Companies Act, 1956;
 - e) The provisions of clause (g) of sub section 1 of section 274 of the Companies Act, 1956, are not applicable to the Company.
 - f) Since the Central Government has not issued any notification as to the rate at which the cess is to be paid under section 441A of the Companies Act, 1956 nor has it issued any Rules under the said section, prescribing the manner in which such cess is to be paid, no cess is due and payable by the Company

Other Matter:

1. The process of obtaining land ownership documents for 131 Bighas of Land from the Government of Assam is under way pending necessary approvals from Government authorities. Possession has been obtained. Our opinion is not qualified in respect of this matter.

The Annexure referred to in paragraph 1 of the Our Report of even date to the members of Brahma Putra Cracker and Polymer Limited on the accounts of the company for the year ended 31st March, 2013.

On the basis of such checks as we considered appropriate and according to the information and explanation given to us during the course of our audit, we report that:

1. (a) The Company has maintained proper records showing full particulars including quantitative details and situation of its fixed assets.
- (b) As explained to us, fixed assets have been physically verified by the management during the year; no material discrepancies were noticed on such verification.
- (c) In our opinion and according to the information and explanations given to us, no fixed asset has been disposed during the year and therefore does not affect the going concern assumption.
2. Physical verification of finished goods, stores, raw materials and spare parts does not arise as the Company is not, at present, maintaining inventory. Stocks of construction materials are, in the main, under the custody of Engineers India Limited who have certified that the material statement maintained at BCPL was correct.
3. According to the information and explanations given to us and on the basis of our examination of the books of account, the Company has not granted any loans, secured or unsecured, to companies, firms or other parties listed in the register maintained under Section 301 of the Companies Act, 1956. Consequently, the provisions of clauses iii (b), iii(c) and iii (d) of the order are not applicable to the Company.
4. According to the information and explanations given to us and on the basis of our examination of the books of account, the Company has taken loans from Oil India Limited, a related Company to the extent of Rs 250 crores which was wholly outstanding as on 31 March, 2013. The Company's name is listed in the register maintained under Section 301 of the Companies Act, 1956.
5. According to the information and explanation given to us, we are of the opinion that the rate of interest and terms and conditions of the loans taken from Oil India Limited, one of the related parties, are not prejudicial to the interests of the Company.
6. Repayment of the loan is yet to commence and interest for the year was duly paid.
7. In our opinion and according to the information and explanations given to us, there is generally an adequate internal control procedure commensurate with the size of the Company and the nature of its business, for the purchase of inventories & fixed assets and payment for expenses & for sale of goods. During the course of our audit, no major instance of continuing failure to correct any weaknesses in the internal controls has been noticed.

8. It has been represented to us that, the Company has not made transaction with any parties whose names warrant entry into the register maintained under section 301 of the Companies Act, 1956
9. The Company has not accepted any deposits from the public covered under section 58A and 58AA of the Companies Act, 1956.
10. As per information & explanations given by the management, the Company has an internal audit system commensurate with its size and the nature of its business.
11. Maintenance of cost records u/s 209(1) (d) of the Companies Act, 1956, is not applicable at present as the Company has not commenced operations, nor have such records being prescribed under the Act.
12. The Company has been regular in deposit of undisputed statutory dues, including Provident Fund, VAT, Service Tax, Customs Duty, Income-tax etc with the relevant authorities. We have been informed that no undisputed amount was payable in respect of VAT, Service Tax, Customs Duty, Income-tax and other Statutory dues were outstanding at the year end for a period of more than six months from the date they became payable.
13. The accumulated losses of the Company at the end of the financial year are less than 50% percent of the Net Worth of the Company, and represent losses in Foreign Exchange transactions recognized in terms of AS 11, even though commercial operations have yet to commence.
14. Based on our audit procedures and on the information and explanations given by the management, we are of the opinion that, the Company has not defaulted in repayment of dues to a financial institution, bank or debenture holders.
15. According to the information and explanations given to us, the Company has not granted loans and advances on the basis of security by way of pledge of shares, debentures and other securities.
16. The Company is not a chit fund or a nidhi / mutual benefit fund/society. Therefore, the provision of this clause of the Companies (Auditor's Report) Order, 2003 (as amended) is not applicable to the Company.
17. According to information and explanations given to us, the Company is not trading in Shares, Mutual funds & other Investments.
18. According to the information and explanations given to us, the Company has not given any guarantees for loan taken by others from a bank or financial institution.
19. The Company had utilised the Term loans obtained and the loan was applied for the purpose for which it was taken.
20. Based on the information and explanations given to us and on an overall examination of the Balance Sheet of the Company as at 31st March, 2013, we report that no funds raised on short-term basis have been used for long-term investment by the Company.
21. Based on the audit procedures performed and the information and explanations given

to us by the management, we report that the Company has not made any preferential allotment of shares during the year.

22. The Company has no outstanding debentures during the period under audit.
23. The Company has not raised any money by public issue during the year.

24. Based on the audit procedures performed and the information and explanations given to us, we report that no fraud on or by the Company has been noticed or reported during the year, nor have we been informed of such case by the management.

as at 31-03-2013

Note 18: Additional Information to the Financial Statements

1. Revised Project Cost

In view of time and cost overrun, the company has revised the project cost from initially ₹ 5,460.61 Cr to ₹ 8,920 Cr and consequently, the schedule of completion from April 2012 to December 2013. The Ministry of Chemicals and Fertilizer, Govt. of India, has communicated approval of CCEA vide its letter no F. No. 45012/23/10-PC-I dated 2nd December 2011.

2. Preparation of Profit & Loss Account as per revised schedule VI

Though the Company is in construction stage and no commercial activities have been started to date, keeping in view the requirement of revised schedule VI and Companies Act 1956, and in line with the change in accounting policy in respect to treatment on loss/gain on foreign currency transaction and translation account, Profit and Loss account has been prepared by debiting the net loss on foreign currency fluctuations. Accordingly negative earning per share has been computed on the basis of weighted average of equity share allotted in compliance with AS-20. It is also relevant to note that incidental expenditure during construction period pending allocation to Fixed Assets on capitalization has been treated under "Capital work in progress".

3. Changes in Accounting Policies

(i) Impact of Change in method of Depreciation :

During Current Financial Year 2012-13 the Company has changed its Accounting Policy in respect of Depreciation on Fixed Assets from Written Down Value Method (WDV) to Straight Line Method (SLM) with retrospective effect from the date of inception of Company i.e. 08.01.2007. This was done in order to bring parity in the method with the Holding Company, GAIL (India) Limited. Due to change in method of depreciation, the incidental expenditure during construction period pending allocation to Fixed Assets has been decreased to the extent of ₹ 8,41,83,719/- with an increase in respective Net Block of Fixed Assets to the same extent.

(ii) Impact of Change in treatment of Net loss/Gain on account of foreign exchange differences:

During the year the Company has changed its accounting policies in respect of treatment of Gain or loss on account of foreign exchange difference from adjusting with cost of assets to accounting under "Profit and Loss Statement" with retrospective effect. As a result Net foreign exchange loss of ₹ 3,16,17,789/- up to 31.03.2012 (Prior period adjustment) and ₹ 17,00,63,962/- for the

year 2012-13 has been reduced from total "Capital work in progress" as on 31.03.2013 with corresponding debit to "Profit and Loss Statement".

4. Since Commercial Production has not been started Indirect Expenses incurred during construction period which is not related to construction/acquisition of Fixed Assets are being carried forward under the head "Incidental Expenses during Construction" and will be fully amortized in the first year of Commercial Production. An amount of ₹ 3,86,40,407/- was spent up to 31.03.2013 towards Incorporation expenses, CSR activities, Advertisement for development of public relation etc. which were considered as deferred revenue expenditure till last FY 2011-12, will be written off fully in the first year of commercial production.

5. Previous year's figures

Previous year's figures have been regrouped /reclassified wherever necessary to correspond with the current year's classification/disclosure.

6. Claim of Work Contract Tax from Govt. of Assam

Details of claim as under	Amount in ₹	
	Current Year	Previous Year
Opening Claim as on 01.04.2012 (FY-2008-09,2009-10 , 2010-11 & 2011-12)	32,68,74,001	23,98,24,950
Claim lodged for the financial year 2012-13	32,90,88,709	29,56,37,759
Total Claim Lodged:	65,59,62,710	53,54,62,709
Less: Received during the year	32,48,00,000	20,85,88,708
Receivables as at 31.03.2013	33,11,62,710	32,68,74,001

7. Taxation of Interest Earned on Capital Subsidy

As per directives from MOCF gross interest earned by parking of fund from the capital subsidy forms part of Capital Subsidy and as such the interest income from parking of capital subsidy not taxable as capital receipts in the hands of Company. Accordingly Company has filed return for refund of claim as follows:

Year	Refund Claimed (₹)
2008-09	2,77,12,793
2009-10	1,85,09,419
2010-11	1,09,90,510
2011-12	<u>1,42,85,640</u>
Total	7,14,98,362

Till final disposal of the case by ITAT/CIT (APPEAL), the net interest income from parking on capital subsidy up to FY-2012-13 has been considered to form part of capital subsidy.

If the appeal is preferred in ITAT in favor of Company and subsequent to the refund by income tax authority, the same will be considered as part of capital subsidy.

However, provisions for income tax have been made for such interest.

8. Taxability of interest income from short term deposit (STDRs) during Project period

Since the company is in construction stage, the interest income earned by parking of funds in short term deposits (STDRs) are "Inextricably Linked" with setting up of the project and not taxable as per legal opinion obtained by Company. The banks are however deducting TDS. An application under section 264 has been filed with CIT (TDS), Guwahati against rejection of application in Form No. 13 for issue of No-Deduction Certificate.

In the light of above position, the company has opted not to deposit advance tax on interest income from short term deposits out of parking of funds from Equity, Loan & Subsidy. However, as an abundant precaution, necessary tax provisions have been made pending disposal of the petitions.

9. Entry Tax Exemption on Project

The claim of Entry Tax till 31st March, 2013 for ₹ 18,87,97,830/- (previous year ₹ 15,84,26,241/-) in pursuance to the Notification no FTX.58/2008/254 Dated 20.10.2012 with retrospective effect from 20.10.2009 allowing exemption from the payment of entry tax on specified capital goods under Assam Entry Tax Act 2008 is pending for reimbursement from Tax Authority.

10. Provision of Income Tax

Provision for Income tax of ₹ 7,17,08,800/- (previous year ₹ 1,17,96,132/-) recognized for the year ended 31.03.2013, as indicated in para 8 above, includes the provision for Income Tax for the current year on interest earned on STDRs kept by investing surplus funds of Loan, Equity and Capital Subsidy and other Incomes. The provision excludes differential tax provision of ₹ 2,86,27,216/- and ₹ 60,81,894/- for FY 2011-12 & 2010-11 respectively to include income from Interest on investing surplus funds on Capital Subsidy pending disposal of the case by CIT (Appeals).

11. Recognition of Cenvat Benefit

CENVAT credit has been recognized on account of withdrawal of Excise benefit with effect from 16.11.2011. Eligible CENVAT credit amounting to ₹ 343,99,90,426/- since inception of project till 31.03.2013 has been netted off against CWIP/Fixed Assets/Inventory (Construction materials) wherever applicable during the FY 2012-13.

Total Cenvat Credit up to 31.03.2013 as per Return filed with Excise Deptt. comes to ₹ 300,85,61,357/- as against ₹ 343,99,90,426/- reflected in books as on 31.03.2013 which has been shown under non-current assets. The difference arises due to the different basis taken, i.e. CENVAT on the eligible items has been taken on the receipt of such materials at site whereas the booking in accounts is on payment basis.

12. Deferred Tax Liability

No deferred tax liability has been recognized since the project is in the construction stage.

13. Lease Hold Land

Lease hold Land of ` 81,84,38,860/- comprises land for which lease deed has been executed for a period of 30 years. As the title to the land rest on the Govt. of Assam, the same will be amortised over the said period. Such land has been reflected as a tangible asset under note 9 to the financial statements.

14. Right of Use

The company has acquired the "Right of Use" (ROU) for the purpose of laying and maintenance of the underground pipeline for receiving and supplying of Gas is shown under Intangible Assets. Perpetual Right of Use of ` 7,56,25,684/- (Previous year ` 7, 56, 25,684/-) acquired by the company , does not bestow upon the company the ownership of land and thus no amortization has been provided on the same. However cost of Right of use (limited useful life) having useful life of 10 years is being amortized over the life of ROU.

15. Term Deposit with Public Works Department

Term Deposit amounting to ` 2,03,127/- (previous year ` 2,03,127/-) has been kept as security deposit (refundable) for permission of laying pipelines with Public Works Department.

16. Auditors Fees

The fees for the statutory auditors for the financial year 2012-13 has been fixed at ` 1,50,000/- plus service taxes, out of pocket expenses etc. (Previous year ` 75,000/-).An amount of ` 15,000/-(net of taxes) was paid to the auditors during the financial year 2012-13 for other services.

17. Insurance

Significant Accounting Policies

as at 31-03-2013

1. Basis of accounting and preparation of Financial Statements

a. Accounting Convention

The financial statements are prepared on accrual basis of accounting under historical cost convention in accordance with generally accepted accounting principles in India and the relevant provisions of the Companies Act, 1956 including accounting standards notified there under.

b. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of asset and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements. Examples of such estimates include estimated useful life of fixed assets and estimated useful life of leased assets. Actual results could differ from these estimates.

2. Inventories

- a. Raw materials and Finished products are valued at cost or net realizable value, whichever is lower. Finished products include excise duty and royalty wherever applicable.
- b. Stock in process is valued at cost or net realizable value, whichever is lower. It is valued at cost where the finished products in which these are to be incorporated are expected to be sold at or above cost.
- c. Stores and spare and other material for use in production of inventories are valued at weighted average cost or net realizable value, whichever is lower. It is valued at weighted average cost where the finished products in which they will be incorporated are expected to be sold at/or above cost.
- d. Surplus/Obsolete Stores and Spares are valued at lower of cost or net realizable value.
- e. Surplus/Obsolete Capital Stores, other than held for use in construction of a capital asset, are valued at lower of cost or net realizable value.
- f. All issues of Project Materials to Contractors for use in Capital Jobs are valued at weighted average cost.

3. Fixed Assets, Capital Work-in-Progress & Depreciation /Amortisation

a. Fixed Assets:

Fixed Assets are valued at historical cost on consistent basis inclusive of incidental expenses related thereto. In the case of commissioned assets, where final payments to the contractors is pending, capitalization is made on provisional basis, including provisional liability pending approval of the Competent Authority, subject to necessary adjustment in cost and depreciation in the year of settlement.

Machinery spares, which can be used only in connection with an item of fixed asset and their use is expected to be irregular, will be capitalized with the cost of that fixed asset and will be depreciated fully over the remaining useful life of that asset.

Asset acquired out of Government Grants are capitalized, by way of corresponding credit to Capital Reserves.

b. Intangible Assets

Assets like software, licenses and right of use of land including crop compensation in course of acquiring such ROU which are expected to provide future enduring benefits will be capitalized as Intangible Assets.

c. Capital Work-in-Progress

The Capital Work-in-progress includes PMC Fees /advance for capital goods/materials in Transit / value of materials/equipment etc received at site for use in the projects.

d. Expenditure incurred during construction period

All revenue expenditure incurred during the construction period, which are, directly or indirectly attributable to acquisition/construction of specific fixed assets, will be capitalised at the time of commissioning of such assets.

e. Depreciation / Amortization

During Current Financial Year 2012-13 the Company has changed Accounting Policy in respect of Depreciation on Fixed Assets from Written down Value Method (WDV) to Straight Line Method (SLM) with retrospective effect from the date of inception of Company i.e. 08.01.2007. Depreciation on fixed assets, other than those mentioned below is provided in accordance with the rates as specified in Schedule XIV of the Companies Act 1956 on Straight Line Method (SLM) on pro-rata basis (Monthly pro-rata for bought out assets).

- i. Assets costing up to ` 5,000/- are depreciated fully in the year of capitalization.
- ii. Bunk Houses are depreciated on assumption of five years life.

- iii. Cost of the leasehold land is amortized over the lease period of 30 years.
- iv. Capital expenditure on the assets, the ownership of which are not with the company, and referred to as enabling facilities are shown separately under the heading "Capital Expenditure-Enabling Facilities". These assets will be amortized over useful life of the assets from the date from which they are put into use.
- v. Intangible assets will be amortized equally over period of five years from the date of recognition.
- vi. Depreciation due to price adjustments on account of foreign exchange rate variations or otherwise in the original cost of fixed assets will be charged with prospective effect.
- vii. Indirect expenses incurred during the construction period which are not related to the construction activity nor are incidental thereto, will be amortized fully in the First Year of Commercial Production of the Company.
- viii. No depreciation is being charged on ROU being perpetual in nature and ROU having limited useful life is being amortised over the life of ROU.
- ix. The cost of software and licenses are amortised in 5 years on straight line method.

4. Borrowing Costs

Borrowing cost of the funds that are attributable to the acquisition or construction of qualifying assets is capitalized as a part of the cost of such assets. The same will be capitalized up to the date when the asset is ready for use, after netting off any income earned on temporary investment of such funds.

5. Foreign Currency Transaction

- a. Transactions in foreign currency are accounted at the exchange rate prevailing on the transaction date.
- b. Monetary items (such as Cash, Receivables, Loans, Payables etc) denominated in foreign currencies, outstanding at the year end, are translated at exchange rates (BC Selling rate for Payables and TT buying rate for Receivables) prevailing at the year end.
- c. Non-monetary items (such as Investments, Fixed Assets etc) denominated in foreign currencies are accounted at the exchange rate prevailing on the date of transaction(s).
- d. Any gains or loss arising on account of exchange difference either on settlement or on translation is accounted for in the profit & loss account except in case of long term foreign currency monetary items relating to acquisition of depreciable capital assets in which cases they are adjusted to the carrying cost of such assets and in other cases, accumulated in "Foreign Currency Monetary items Translation Difference Account" in the financial statements and amortized over the balance period of such long term assets or liability, by recognition as income or expenses in each of such period.

6. *Capital grants by Government of India*

Non-refundable Government Grants in the nature of promoters' contribution are credited to capital reserve and are treated as part of shareholders' funds.

7. *Employee benefits*

- a. All short term employee benefits are recognized at their undiscounted amount in the accounting period in which they are incurred.
- b. Employees Benefits under Defined Contribution Plan in respect of Provident Fund is recognized based on the undiscounted obligation of the company towards contribution to the fund. The same is paid to the provident fund account with the Regional Commissioners of P.F.
- c. Expenses and liabilities in respect of employee benefits are recorded in accordance with Revised Accounting Standard -15 - Employee Benefits (revised 2005) issued by ICAI.

8. *Taxes on income*

- a. Provision for Tax during the construction period is made on interest earned on investments during the construction period, which is treated for tax purposes as "Income from other Sources". Such income tax has been debited under the head IEDC-Rates & Taxes.
- b. On commissioning, the company will be eligible for tax incentives under section 80IE of the Income Tax Act, 1961, and will be liable to MAT only under section 115JB of the said Act.

9. *Preliminary Expenses*

The qualifying preliminary expenditure incurred in connection with the setting up of the business and the new industrial unit to be amortized fully in the first year of Commercial Production.

10. *Impairment of assets*

If the carrying amount of the fixed assets exceeds the recoverable amount on the reporting date, the carrying amount is reduced to the recoverable amount. The recoverable amount is measured as the higher of the net selling price and the value in use determined by the present value of the estimated future cash flows.

11. *Provisions, Contingencies & Capital Commitments*

- a. Provisions are recognized when there is present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.
- b. Liabilities for expenses are recognized only when such liabilities exceed ₹ 0.10 Lakhs.

- c. Contingent assets are neither recognized nor disclosed in the financial statements. Contingent liabilities exceeding ` 5.00 Lakhs in each case are disclosed by way of notes to accounts.
- d. Estimated amount of contracts remaining to be executed on capital accounts are disclosed in each case above ` 5.00 Lakhs.

12. *Segmental Reporting*

The Company has only one segment, hence there are no reportable segments under Accounting Standards 17 "Segment Reporting" of the Companies (Accounting Standard) Rules, 2006.

13. *General*

- a. Prepaid expenses and prior period expenses/income upto ` 1.00 lakh in each case will be charged to relevant heads of account of the current year.
- b. Liquidated damages if any, will be accounted for as and when recovery is effected and the matter is considered settled by the Management. Liquidated damages, if settled after capitalization of the assets are charged to revenue, if below ` 50.00 lakhs in each case otherwise adjusted in the cost of the relevant assets.
- c. Insurance claims will be accounted for on the basis of claims admitted by the insurers.
- d. Custom duty and other claims (including interest on delayed payments) will be accounted for on acceptance in principle.

Comments of the Comptroller and Auditor General of India

Comments of the Comptroller and Auditor General of India Under Section 619(4) of the Companies Act, 1956 on the Accounts of Brahmputra Cracker and Polymer Limited, Guwahati for the year ended 31 March 2013.

The preparation of financial statements of Brahmputra Cracker and Polymer Limited, Guwahati for the year ended 31 March 2013 in accordance with the financial reporting framework prescribed under the Companies Act, 1956 is the responsibility of the Management of the Company. The Statutory Auditors appointed by the Comptroller and Auditor General of India under Section 619(2) of the Companies Act, 1956 are responsible for expressing opinion on these financial statements under Section 227 of the Companies Act, 1956 based on independent audit in accordance with the Auditing and Assurance Standards prescribed by their professional body, the Institute of Chartered Accountants of India. This is stated to have been done by them vide their Audit Report dated 20-05-2013.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit under Section 619(3)(b) of the Companies Act, 1956 of the financial statements of Brahmputra Cracker and Polymer Limited, Guwahati for the year ended 31 March 2013. This supplementary audit has been carried out independently and is limited primarily to inquiries of the Statutory Auditors and Company personnel and a selective examination of some of the accounting records. On the basis of my audit, nothing significant has come to my knowledge which would give rise to any comment upon or supplement to Statutory Auditors' Report under Section 619(4) of the Companies Act, 1956.
